Welcome

Enabling girls to create their own pathways and develop their stories is what makes Gumley House so unique. We take the time to get to know each girl as an individual to be able to support them in creating the next chapter of their story. We make the experience of learning meaningful for every one of our students by supporting them to develop their own skills and talents, as they in turn develop as strong young women. This support starts long before their first day.

To enable our girls to flourish into successful, responsible, resilient and independent learners, we believe it is essential to provide them with a smooth transition from primary to secondary school. Our highly regarded induction programme is designed to help us find out more about your daughter and to help her settle into life at Gumley.

We would like to invite you to celebrate the start of your daughter's first chapter with us during our exciting programme of events. Come and see for yourself all that we have to offer, meet our passionate and friendly staff, and find out why we are the ideal place to help your daughter reach her potential and prepare for a successful future.
